### SUMMARY STATEMENT

Dedicated Meteorologist with extensive experience in weather forecasting, drought management, aviation meteorological information preparation, analysis of remote sensing data and customer service. Proficient in data analysis, meteorological coding, and ensuring safe airport operations under varying weather conditions.

In addition to technical skills, I have gained valuable experience in computer literacy work, including IT support, currently working on software engineering as a part time course, worked in wayleave acquisition, under Kenya Power and Lighting Company.

---

### EDUCATION

Software Engineering from January 2025 to present

Accenture Learning exchange January 2025 to February 2025

Bachelor of Science in Meteorology; The University of Nairobi; from 2020 to 2024.

Computer packages; 2020; Mehtab computer, Nairobi.

Kenya Certificate of secondary Education; 2016- 2019; Homabay high school

---

### WORK EXPERIENCE

#### 1. Wayleave acquisition at Kenya power and lighting company December 2024 to present.

- Identified the required land corridors for power lines, substations, and other infrastructures.
- Communicated with landowners, community leaders, and other stakeholders to explain the project and its benefits in the same line.
- Ensured that all wayleave acquisition activities comply with relevant laws and regulations, including the Land Act and the Electricity Act and maintained accurate records.
- MAPPING, Planned Route and Designed optimal route for power lines, pipelines, or other infrastructure, considering factors like terrain, existing structures, and environmental constraints.

#### 2. Weather Forecaster Jomo Kenyatta International Airport, Nairobi, Kenya Company from June to September 2023

- Conducted daily weather observations, including monitoring cloud types, temperature, and other key weather parameters.
- Prepared and disseminated aviation meteorological information, ensuring pilots received accurate weather

- briefings.
- Coded and decoded weather messages, provided weather alerts, and ensured the calibration of meteorological instruments.

### 3. Daraka Store, Nairobi, Kenya April - June 2022April - June 2022

- Managed daily store operations, including inventory management and cash handling. Enhanced customer service by addressing inquiries and resolving complaints.
- Maintained optimal inventory levels and ensured the store environment was clean and organized.

### 4. Sales Marketer Velvet Products, Nairobi, Kenya February 2022 - December 2022

- Developed and implemented marketing strategies to promote products, resulting in increased sales.
- Engaged with customers through various channels, including social media and in-person events.

---

## PROFESSIONAL SKILLS

- ❖ Customer service support.
- ❖ analysis of remote sensing data.
- ❖ Mapping skills.
- ❖ Forecasting skills.
- ❖ Computer literate.
- ❖ Basic coding skills
- ❖ Improved decision-making.
- ❖ Team collaboration.
- ❖ Project Management: Experienced and knowledgeable in management.
- ❖ Problem solving: Able to analyze complex issues and find effective solutions.
- ❖ Adaptability: flexible and able to adjust to new situations or challenges.
- ❖ Leadership: Able to guide and motivate teams.
- ❖ Communication: High effectiveness in both written and verbal communication.

---

## HONORS & AWARDS

- Full stack web development certificate of participation.

- Degree certificate
  - Weather forecaster
  - Workshop certificate at Tecno UON
  - Accenture certificate
  - Computer packages certificate
  - Young Christian religion certificate
- 

### **ACTIVITIES**

- Python
- Software Web development.
- Database
- Start up

---

### **TRAININGS**

- Accenture training.
  - Weather forecasting
  - Life skills training September 2017
  - Salesperson
- 

### **REFEREES**

1. Kizito Oundo

JKIA Chief forecaster
